# Dual Code

*Elena Salmistraro designs two cabinets with exclusive graphics that envelop the undercounter wine cellar and the undercounter convertible refrigerator.*

ACCESSORY FOR UNDERCOUNTER WINE CELLAR  
AND UNDERCOUNTER CONVERTIBLE REFRIGERATOR

# Dual Code

Elena Salmistraro reimagines the surfaces of Signature Kitchen Suite appliances in the new Dual Code capsule collection, designing two cabinets with original and colorful graphics that wrap around the undercounter wine cellar and the undercounter convertible refrigerator. Available in three color variants each, **Supernova** and **Vector** take the appliance out of its "comfort zone," encouraging new combinations and transforming household appliances into design objects thanks to Abet Laminati's innovative technology.

Silent, high-performing, and versatile, Signature Kitchen Suite's undercounter appliances integrate seamlessly into diverse home environments, from living spaces to bedrooms, and extend into public spaces such as design hotels and next-generation offices.

**Supernova** revisits the bold and vibrant aesthetics of the 1980s in a contemporary key. Iconic shapes, intense colors, and graphic details evoke the energy of an era of optimism and experimentation, transforming into a new language that resonates with the present. Like a supernova, it bursts with creativity and dynamism, illuminating the past with a new light and striking a perfect balance between nostalgia and innovation, tradition and the future.

**Vector** explores the concept of lines and marks as pathways. A composition where strokes intertwine and overlap, defining directions and spaces, creating a visual interplay that evokes movement and connection while maintaining the elegance of simplicity.

# Undercounter convertible refrigerator

## Available Graphics

---

The cabinet enclosing the undercounter convertible refrigerator wraps the appliance in a retro-pop-inspired graphic, transforming it into a true furnishing element. From the lounges of design hotels to next-generation offices, this cabinet encourages new combinations and takes the appliance beyond its "comfort zone."

### Supernova

With Supernova, the undercounter convertible refrigerator is infused with an overwhelming chromatic energy. Its essential function merges with graphics inspired by the 1980s, creating a contrast that surprises and captures attention. From a discreet object to a focal point of the space, the refrigerator steps out of its comfort zone and becomes a statement piece, redefining kitchen aesthetics and beyond.

## ACCESSORY FOR UNDERCOUNTER CONVERTIBLE REFRIGERATOR

### Vector

Vector redefines the undercounter convertible refrigerator with a visual language that expresses order and movement. Geometric lines enhance its versatility, transforming it into a meeting point between aesthetics and functionality. No longer just a simple appliance, the refrigerator evolves into a design object that interacts with the space, bringing elegance and dynamism to unexpected environments.

# Undercounter wine cellar

## Available Graphics

---

The cabinet containing the undercounter convertible refrigerator envelops the appliance and transforms it into a true furnishing accessory. From designer hotel lounges to new generation offices, this solution stimulates new combinations and takes the appliance out of its 'comfort zone'.

### Supernova

Supernova transforms the undercounter wine cellar into a bold and contemporary icon. Intense colors and graphic forms create a striking contrast with the appliance's technical function, elevating it to a design component. The visual energy of the graphics propels the appliance's tradition into a new aesthetic dimension, breaking conventions with a language that fuses past and future.

## ACCESSORY FOR UNDERCOUNTER WINE CELLAR

### Vector

The Vector graphic gives the undercounter wine cellar a refined and dynamic aesthetic. Interwoven lines evoke the journey and evolution of wine, transforming the wine cellar into an element that narrates stories of connection and movement. Moving away from its classic minimalist image, the cabinet gains a visual rhythm that adds personality and depth to its surroundings.

## CABINET MEASURES

**SKSUD2402E**

<b>Model</b>	EAN: 8806091740946
<b>Door type</b>	Panel ready
<b>Internal finish</b>	Stainless steel
<b>Energy Label</b>	
<b>Energy efficiency class</b>	F
<b>Net total capacity</b>	89 L
<b>Net refrigerator capacity</b>	43
<b>Net freezer capacity</b>	46
<b>Maximum sound level</b>	< 37 dbA Max
<b>General properties</b>	
<b>ENERGY STAR® Qualified</b>	●
<b>No-Frost</b>	●
<b>Inverter compressor</b>	●
<b>Wi-Fi enabled for SmartThinQ® control with iOS/Android app</b>	●
<b>Automatic Adaptive Defrost</b>	●
<b>Modes</b>	Freezer (-23 C° to -15 C°), Meat (-3 C°), Seafood (1 C°), Bar (1 C°), Refrigerator (2°C to 7 C°), Pantry (10 C°)
<b>Speed Freeze</b>	●
<b>True-View® Lighting</b>	●
<b>Digital Controls w/ White LED Display</b>	●
<b>Operating temperatures</b>	Upper drawer: from -3°C to 10°C Lower drawer: from -23°C to 10°C
<b>Installation</b>	
<b>Reversible Door</b>	●
<b>Four Point Front Adjustable with 4 Wheels</b>	●
<b>Attachment method to cabinetry</b>	Top with no visible screws
<b>Front Serviceable</b>	●
<b>Anti-tip Bracket Included</b>	●
<b>Technical Specifications</b>	
<b>Overall width</b>	595 mm (23")
<b>Overall height</b>	815 mm (32 1/2") MIN ~ 825 mm (32 1/2") MAX
<b>Overall depth</b>	571 mm (22 1/2")
<b>Net weight</b>	65 kg
<b>Shipping weight</b>	69 kg
<b>Max packaged product dimensions</b>	970x650x650 mm (38"x25"x25")
<b>Accessories</b>	
<b>Steel doors kit</b>	SKSUK240DS
